Tip – Create Vic modern cursive script with dotted lines

Kindergarten staff often ask us where they can download a **dotted version of Vic modern cursive script** so they can produce printing exercises for their children. Unfortunately we have not found such a font.☹ So we have come up with an easy solution in Microsoft Word ☺ that uses a custom WordArt style!

First:

If you don't have Vic Modern Cursive Script font installed refer to our tip;

[Tip – Add Victorian Modern Cursive Script font in Word](#)

<http://www.kindergarten.vic.gov.au/Tip-AddVictorianModernCursive.html>

Next:

Once the font is installed in Word you can format the text to have dotted lines using WordArt.

In this tip you will learn how to...

1. Download our template 'Vic modern cursive script with dotted lines'
2. Save the document to your computer
3. Edit the text to create new words
4. Create new WordArt and format the text to have dotted lines

This Tip is based on Microsoft Word 2007.

1. Download our template 'Vic modern cursive script with dotted lines'

We have created an example printing exercise. Click on the link to open the document in Word;

[Example – Vic modern cursive script with dotted lines](#)

<http://www.kindergarten.vic.gov.au/Example-Vicmoderncursivescriptwithdottedlines.docx>

2. Save the document to your computer

In Word select **Office button/ Save As**, choose a location and save your document.

3. Edit the text to create new words

Click on the WordArt text and the WordArt Tools format tab will appear, click on the tab and select edit text, type your text then click Save.
