Tip – How to do basic browser housekeeping?

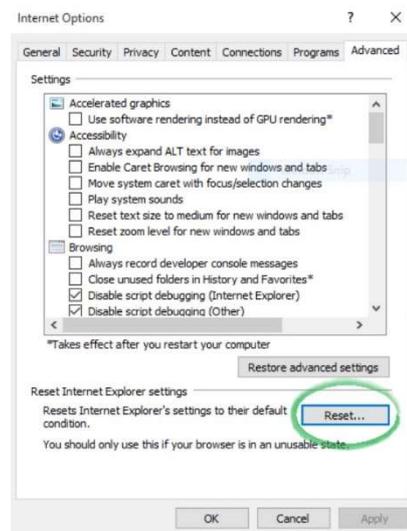

Why do you need to do basic browser housekeeping?

In order to prevent browser hijacking by ads, spam and re-directs, we encourage you to reset your web browser often.

Please Note: After you reset your browser, all your saved passwords will be gone. Please make sure you record your passwords somewhere else safely.

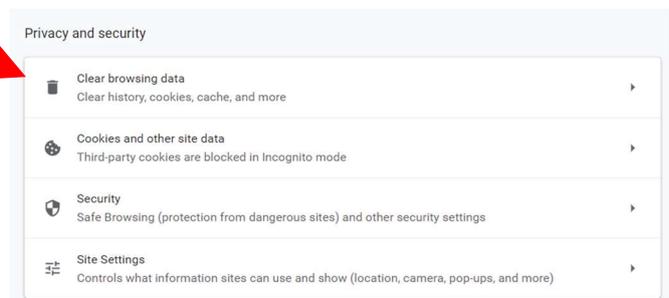

Reset Internet Explorer

Click on **Tools**  and select **Internet Options**.
Click on the **Advanced** tab.
Click on the **Reset** button.

Reset Chrome

Click on **Customize and control Google Chrome** button.
